**THE HOME BUILDING
ASSOCIATION CO.**

North Third and West Main Sts., NEWARK.

**TRAIN NEWARK BOYS FOR NEWARK BY PROVIDING
MEANS TO KEEP THEM EMPLOYED IN HOME INDUSTRY**

Are we going to continue to educate our boys and then let some other community "cash in" on them. Newark is doing that very thing today. If this city is to reap the benefit from their education she must provide a means to keep them here. The "call of Newark" must be stronger than the "call of other Communities." One alone cannot provide the way for keeping them, but we—by working together—in service to this community—our community—through a thoroughly organized Chamber of Commerce can provide the means. The responsibility is ours—each of us as citizens, to get behind the Enlarged Chamber of Commerce movement. It's our boy we want to keep in Newark.

**OHIO ELECTRIC ASKS TEMPORARY
REPAIRS ON ELEVENTH ST. BRIDGE**

The city council met last evening with all members present and despite the hot sultry weather there was a fair attendance of spectators. The meeting was not called to order until 8 o'clock, central time, on account of a caucus held in the clerk's office.

The first business transacted was the reading of the mayor's report which showed that \$136.80 had been collected in fines and licenses for the month of May. It was received and filed.

City Solicitor H. C. Ashcraft reported that the decision in the case of The City of Newark vs. The Newark Telephone company in common pleas court was in favor of the city, the injunction against the raising of the telephone rates being made perpetual. He also reported a favorable decision in the case against the city by John Kemnitz, and that the plaintiff's petition in error was dismissed and the cause remanded to the mayor's court for execution.

City Engineer C. H. Wells submitted a copy of a letter received from J. H. Sundmaker, chief engineer of the Ohio Electric railway, which stated that the company had by a recent order of the court, until July 1 to remove the operation of interurban cars over Church street between Fourth and Eleventh streets, and in compliance with the same the company wished to again establish its routing over Eleventh street between Main and Church streets and asked to be granted the right to support its tracks upon and across the bridge on Eleventh street temporarily until plans and estimates for a new structure are submitted to the council upon which the company will base its proposal in reference to the proportionate cost.

With Church street closed to the operation of interurban cars and without the privilege sought, the company will be forced, Sundmaker stated, to abandon its repair shops and transfer the

work of inspection and repairs on interurban cars to some other location. The company does not wish to make such change because of its effect upon some 30 employees and their families. The communication was received and filed, and turned over to the service committee for action.

An estimate of the North Pine street paving was submitted by Engineer Wells which showed that the total cost would be \$7,651.55 and the cost to the city \$656.05.

A petition signed by W. H. Huffman and 19 others requested that Clarendon street be improved by grading it with cinders. It was referred to the street committee.

A petition from property owners abutting Wehrle avenue, signed by F. M. Puffer and 29 others, asked that the street be improved to Riverside Drive by paving the roadway for a width of 25 feet with asphalt concrete.

A petition signed by F. C. Boyer and 12 others asked that Twelfth street be improved by paving from Locust to Church street.

The county commissioners submitted a copy of a resolution passed by them at a recent meeting defining the bridges in the city which the commissioners shall construct and maintain and all of which are on main market roads. They are the East and West Main street bridges, South Second street, National Drive, North Fourth or Log Pond Run, and the bridge over the Ohio canal from Union to the office of the Wehrle company. And the Wilson street bridge over the Ohio canal. This is in accord with a recent opinion of the attorney general of the state, defining the duties of commissioners regarding county bridges in a municipality.

A petition was received from the Newark Furniture company requesting permission to lay a side track across Sixth street in order to make certain improvements at the furniture company plant.

The following ordinances were given their first reading and were passed under a suspension of the rules which permitted of the second and third reading and final passage.

By Baker: Determining to proceed with the improvement of Poplar avenue from South Fifth to South Sixth street by paving the roadway.

By Ashbrook: Baker and Krauber: Determining to proceed with the improvement of South Third street from Harrison street to the National Drive by paving the roadway.

By Krauber: Establishing a quiet zone in the vicinity of the Newark Sanatorium.

By Newark: Granting permission to

**"FAKE" ASPIRIN
WAS TALCUM**

Always Ask for Genuine
"Bayer Tablets of Aspirin"

If you see the "Bayer Cross" on the package you are sure you are not getting talcum powder. Millions of fraudulent Aspirin Tablets were recently sold throughout the country. Aspirin is the trade mark of Bayer Manufacture of Monach, and Scleroder of Scleroder.

J. R. Foster to install a gas tank of 500 pounds capacity under the sidewalk in front of 222 Stansberry street.

By Foster: Granting permission to the Newark Furniture company to lay a side track across Sixth street.

By Newark: Establishing a rate for the next five years for electric light, heat and power to be furnished by The Central Light and Power company at nine cents per kilowatt hour with a minimum charge of 50 cents per month for residence lights.

The ordinance by Ashbrook fixing the time under which the city should operate and which had been given one reading, was on motion of its author withdrawn.

The following resolutions were then adopted under a suspension of the rules:

By Ashbrook: Authorizing and directing the public service director to lay water mains in Holiday street.

By Keyes: Authorizing and directing the city engineer to prepare plans, specifications and estimates for the cost of paving Wehrle avenue from the canal to Riverside drive.

By Riggs: Authorizing the city engineer to prepare plans, specifications and estimates for the Twelfth street paving.

By Keyes: Determining it necessary to improve North Pine street from West Main street to a point 915 feet north.

By Krauber: Authorizing the city solicitor to contest judgment in the case of the American Bottle company, plaintiff, vs. The City of Newark, defendant, before Justice B. O. Horton, in the sum of \$17.96.

By Foster: Authorizing the director of public service to repair the old guard rails over Log Pond Run in Elmwood avenue.

Under the heading of miscellaneous business it was recommended that the service drinking fountains around the court house park be repaired and he promised to have the pumps in place within a short time.

A FINISH FIGHT.
Will Hays, ultra reactionary, is bringing back into the saddle in every state the same elements of reaction that were driven out years ago by popular indignation. In Ohio we find M. Fullington, heir to the mantle of Auditor Gilbert and pride of Boss George B. Cox of Cincinnati, in the "good old days," Fullington is the master of Ohio Republican politics. He dictates the policy and the every move of the legislature. Special interests, so long out of power in Ohio, have a finger in the pie in the writing of every bill they want and Fullington jams them through the legislature. Elected under a promise of economy, the wildest extravagance has been practiced. Ways of setting aside the tax limits have been devised and were it not for a Democratic governor the sky would be the limit.
In the meantime, helped by those interested which they have so generally favored, an insidious propaganda has been conducted attacking the governor and accusing him of bad faith.
Governor Cox, let it be said, in the three times he has been honored with the office of chief executive, has never been so necessary to the welfare and well being of the people of Ohio. Object of every kind of attack, he has stood his ground and demanded justice for the people of Ohio in taxation as well as on other matters. The Democrats in the legislature are standing loyally with him. And there never was a minute in the history of the Democratic party in Ohio when the rank and file of the party have had greater reason to be proud of those who are representing them.
The fight is to a finish. The governor cannot yield and be true to the trust Ohio has placed in him. It is the old fight over again for the old elements have gotten back in power. It happened before and it will happen again that reaction and special interests will be driven out by an enraged and aroused electorate.
No finer tribute could be paid the Democratic party of the nation than that by Senator Borah who declares the league of nations has been endorsed by the Democratic party from the first.
The doughless' shoes are said to have stood the wear in the trenches very well, but it is not expected they will outlast the parades.
After a man gets an increase of wages to pay for other people's advances, please go up to pay for his raise.
The number of new straw hats now seen demonstrates that last year's crop was not a failure.

THE NEW CONGRESS.
The Congress held just before the choice of a president has not usually been very constructive. There is too much desire to make political capital. The time would be largely taken up by speeches, which the members were anxious to have franked to their constituents.
Politicians are afraid of getting caught on the wrong side and offending some aggressive body of voters. So they have had a way of dodging many questions, and postponing and pigeon-holing them.
This war particularly true of the period from about 1880 to 1900, when the politicians spent their time largely in debating old and threadbare issues. They set up men of straw and knocked them down with great gusto. It was a period of contention over superficial issues. A great deal of energy swept over the country from time to time.
Few great constructive acts were passed. Most of the economic problems of the 19th century went over to the 20th unsolved.
The last dozen years have shown a new spirit in politics. It is a time of unsettlement and change. The people are not satisfied with the old ruts and living conditions of the past. They demand efficiency, business methods, social justice, constructive work. They are sick of obstructive political tactics and would rather see some mistakes made than have nothing done.
The lesson of all this for Congress is that partisan feeling constructive projects of legislation to meet existing conditions. No party can get anywhere on a basis of mere criticism. It can win favor only on a basis of things done, of new social institutions created, of old systems of government and business placed on a new footing to meet these changing times.

SCHOOL NEARLY OVER.
The last days of school go hard. The teachers and children here in Newark are full of the unrest of the spring season. The sap is stirring in the veins, and the call of out doors lures them to vagrant habits. They dreadingly rest their heads on their elbows and longingly look out to the sunshine, dream of fishing trips and swimming holes and ball games.
The teachers too are weary. Sitting on the lid of forty youngsters for 35 weeks is some strain on anyone's nerves. Teachers are a very conscientious class, and they are people that worry a good deal. They are fearful lest the youngsters have not completed the standard task for a year, so they spur them on too one final dash.
So up and at it, kids. Put it over with a will, and soon the long rest will come!

Spirit of the Press
Another Leap Forward.
Lisbon made a holiday to show its appreciation of the achievement of crossing the Atlantic by plane. It was the tribute of a nation once famed for its navigators to a nation which has pioneered in a new kind of seafaring. Lieutenant-Commander Read and his crew who jumped from the Azores to Portugal, Tuesday, completing their flight from America to Europe, have written themselves into one of the stirring chapters of history. With characteristic American courage and inventive genius the project of the United States Navy is thus carried through its most dangerous stages. The flight from Lisbon to Plymouth is within sight of land for most of the distance. Having reached Portugal, the undertaking becomes a success.—Cleveland Plain Dealer.

Praise for Peaceable Daniels.
Mr. Daniels, secretary of the Navy, did the greatest act of his life when he before the Naval Committee of the House last Tuesday and announced that he had given up his biggest navy proposition, for he wanted the nation to direct its influence and purpose toward the adoption of the league of peace, and then we would need no great navy. If this nation is for peace it must show it by making itself ready for peace and not for war. We have been a little impatient with Secretary Daniels because he was doing more toward getting ready for war than he was doing to avoid one. But that feeling has changed now into a lusty hurrah for Daniels.—Ohio State Journal.

A Pro-Tobacco Argument.
There has been, perhaps, a little too much discussion of the question "Who won the war?" but the variant, "What won the war?" has not been wholly exhausted. It might be interesting to hear such a controversy in the neighborhood of the anti-tobacco bar, and after he had been going into the details and was down along tobacco with his usual flub-dub, spring this bit of matter of record upon him. The American smoked 425,000,000 cigarettes in 1918. You might ask him to figure out how many cigarettes Germany would have been used if the doughless' had smoked at all. Or put any question you please to him. His answer in one word would be sure to be "comical." But not quite so.

GRAND PROGRAM.
The War Relief Council will give the following program Thursday, June 6:
Song, "Gloria."
Recitation, "Gloria," by Helen M. Williams. Subject, "The surroundings of the form of man."
Song, "My Childhood Home."
Recitation, "Dear Father," by Helen M. Williams. Subject, "The father of the father of the father."
Song, "Gloria."
Recitation, "Dear Father," by Helen M. Williams. Subject, "The father of the father of the father."

Recitation, "Dear Father," by Helen M. Williams. Subject, "The father of the father of the father."

Peels Off Corns Between Toes
The Great Corn Loosener of the Age. Never Fails. Painless.
A corn mashed, squeezed and crushed, all day long, between two toes! You can try the desperate, "treat 'em rough" way and try to do it.

"Two Drops of 'Gels-It'—That's All!"
It out and fail. Or, you can try the gentle, peaceful, painless, easy way and use "Gels-It." It's easy for "Gels-It" to remove corns in hard-to-get-at places. It's a liquid—a wonderful painless formula—it has never been successfully imitated. It settles on the corn, and dries immediately. Instead of digging out the corn, you peel it out painlessly. There's no sticky plaster that doesn't stay "put," no salve that irritates or rubs off. You reach the corn easily with the little glass rod in the cork of every "Gels-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gels-It," the guaranteed, gentle, back-corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.
Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, W. A. Egan, R. W. Smith.

HELPED MRS. KUHNER OUT OF BED.
Now Feels Better Than Ever.
This statement is made by Mrs. H. M. Kuhnner, of South Webster, Ohio:—"For two years, I suffered with a most severe case of Indigestion and Constipation. I was often laid up in bed from three to six days at a time and suffered severely with pain in my stomach. I gained no relief until I tried Dr. Parker's Treatment for Indigestion and Constipation. Two boxes cured me. I am in better health than ever."

Severe pain in stomach is but one symptom of Indigestion and Constipation. Gas in the stomach, bad breath, coated tongue, nervousness, lassitude, headache, feeble circulation and poor appetite are others relieved by Dr. Parker's Treatment. This doctor is so sure of results that he guarantees return of your dollar if his treatment fails to stop these troubles. Sold by all druggists.—Adv.

THE ADVOCATE'S PUNCH
Fun gives you a readable hug, and shakes laughter out of you, whether you will or no.—Garry.
Caught a Tartar.
To matrimony that poor soul's a martyr.
No milk of human kindness has his wife.
She's rich, though, and he calls her "Cream of Tartar."
A Real Bereavement.
Aunt Celine says: "Somebody give a little yeller pup to Maggie Zeena's little boy, Ben, and he loves that dog better than anything on earth, so the day when a one-run over Paddy killed him, he expected Ben to be just as happy on the day when Maggie she put her arm around him and says, 'Ben Paddy has been run over and killed.' Ben looked pretty sober and says he, 'That's no bad,' he says. 'Maggie was a good dog, I believed to sea he took it so cam but I hate after he had went up to bed the worst of the offest scream an' Maggie she went up about two steps at a time an' there were Ben just a yeller like mad.' 'Oh Maw,' says he, 'sister says Paddy was killed,' he says. 'Why Ben,' says Maggie, 'I told you that this afternoon,' says she, 'that Maw,' yeller Ben, 'I didn't understand you, I thought you said Daddy,' he says.

For Cuts, Wounds and Sores
Houstonia (the Original Jones') Liniment
is a Healing, Antiseptic Dressing
Shop injuries, from jagged metals, or rusty, dirty tools require quick attention. Prompt application of a soothing antiseptic often prevents loss of time—and, sometimes, loss of the injured member—through blood-poison. For this purpose, nothing is better than Houstonia, (The Original Jones') Liniment.
It quickly stops the pain. Its healing power is almost magical. Safety suggests that you keep a bottle always at hand—in shop and home.

"The kind your daddy used with my dad's picture on the yellow wrapper."
FOR CUTS, WOUNDS AND OPEN SORES, cleanse wound, then simply apply the liniment, rub through, and wrap with a clean bandage. Apply the liniment twice daily, until healed.
Ask your druggist for "HOUSE-TONE-E-AH" LINIMENT

THE MARKETS

Wall Street.—Opening prices
were mixed on the stock exchange to-
day with changes either way pro-
nounced in some instances. Profit-
taking sales were responsible for reces-
sions of one to two points. Attempts
to continue the rise in other quarters
threw a drop of three points in Gen-
eral Motors and advances of a point or
more in Bethlehem Steel, Central
Leather and American Woolen. U. S.
Steel opened a shade higher but soon
gave off a point with stimulus effect
on other leaders. Mexican Petroleum
lost 3 points.

Prices sought generally lower levels
during the morning. Speculators who
made good profits on recent purchases
were inclined to realize, and the public
was apparently disinclined to buy as
freely as heretofore in view of the un-
certain money outlook and a note of
warning sounded by bankers as to the
dangers of excessive speculation. High-
ly speculative issues broke badly. Mex-
ican Petroleum, Standard and United
States Alcohol losing five points or
more. Standard rails were down one
to two points. Toward midday a rapid
upturn in Baldwin Locomotive and a
sharp recovery in eds influenced a bet-
ter tone in the list.

medium weight 12.00-12.50; light weight
12.00-12.50.

Mosquito Fleet.
Among naval men the mosquito fleet
is known as "the second line of de-
fense." It is used in protecting the
fortifications and harbors along the
coast line, and, like the insect from
which it is named, annoys the enemy in
every way, at the same time preventing
the possibility of a blockade. In the
war against Germany the British navy
was augmented by several thousands
of small and sometimes very speedy
vessels, and to this mosquito fleet,
unmanned chiefly by naval reserve men
and fishermen, the admiralty paid
tribute for its patient and laborious
work in laying and sweeping up mines,
chasing submarines and patrolling the
home waters.

Our Language.
A French soldier, enthusiastic over
the beauties of his host girl, was en-
deavoring to convey an idea of some
of her charms to an English comrade.
"She is pretty," the Frenchman said.
"Yes, I see, fairly pretty, eh?" the
Englishman replied.
"Ah! that is the word! She is fair."
"O, yes, pretty fair," the English-
man responded.—Cartoons Magazine.

Platonic Philosophy.
Plato was the most distinguished
disciple of the Greek philosopher and was
the founder of the neoplatonic school of
idealistic philosophy, which was pre-
ceded by Socrates' practical philosophy.
To study the ideas of the human mind
is to discover truth, according to Plato,
for such ideas are the reflections of
the ideas of the divine mind. Plato
believed that our ideas are born with
us. That divine ideas are embodied
not only in us, but in the world;
therefore a study of the universe will
result in the discovery of the ideal
principles with which all things are
governed. So a perfect life is in har-
mony with the divine life. Such was
Plato's method of conceiving a broad
system of idealistic philosophy. Plato
was above the political conflicts of his
time and hence he shows the Greek
mind in its purest and most tranquil
frame.

RED OAK HILL.
Mrs. Eva Davis returned home last
Thursday evening after spending several
weeks in Hartford and Newark.
Prayer meeting was held at the home
of Mr. A. Wilson on Wednesday night.
Mr. and Mrs. Homer Hillman and

NEWARK DAILY ADVOCATE

Construction has been stopped for
two years; Housing Shortage
unprecedented—

**BUILD
NOW**

**Build a Modern Home
On That Vacant Lot**

Own Your Own Home and Avoid Paying Rent

YOU'VE waited years for an opportunity like this---You'll wait years again.

Have you seen people hunting the city over for a suitable place to live? Have you seen the same people scan the newspapers, hoping against hope? Have you seen rents advance? Then meet the demand by building a home on that vacant lot.

The demand is going to be greater when new industries come to Newark. To build now is a sure, certain investment for the vacant lot owner.

HAVE you planned to own your own home? Then now, if ever, with rent increasing, is the time to build just what you've wanted and move into it. Take the family into your confidence and have the conclusive proof.

You can get materials and labor and deliveries now--a few months hence when the building and reconstruction movement is in full swing you'll wonder why you passed up the chance you have now.

Every home you build releases another home or apartment--adds to the prosperity of the nation--adds to the city--adds to your prosperity. Talk this over with your contractor and start figuring today.

Build Now.

Repair Now.

"BUILD NOW" COMMITTEE, CHAMBER OF COMMERCE

Commencement Day

Is an important day in a young person's life. Often it is commemorated by the gift of a watch.

Parents who wish to show their appreciation of their children's success will find us very willing to show them our stock of gifts and to advise or make suggestions.

Fuchs Bros
JEWELERS

having been omitted yesterday, today's paper contains six names instead of three. These names appear among the classified advertisements in this newspaper. To each of the persons named two tickets will be given, the tickets being good at either theatre. There is no charge. Tomorrow's paper will contain three more names. Watch the classified columns.

Sachs Removed to Home.
Henry Sachs was removed from the City Hospital Monday in the Bradley ambulance to his home, 397 Hudson avenue. Mr. Sachs is getting along as well as can be expected.

Mother Operated Upon, Children Ill.
Mrs. George B. Haworth was taken from her home, 457 Maple avenue Monday evening in Crisis Brothers ambulance to the City Hospital for an immediate operation for appendicitis. Mrs. Haworth's two little children, Otis and Elizabeth, are ill at the home with scarlet fever.

Attends Labor Convention.
Pierce F. Hayden, corresponding secretary of iron molders union 152, leaves this evening for Atlantic City, to represent the International Molders Union at the Convention of the Metal Trades which convenes on June 5, and the American Federation of Labor which will convene the following week.

Officer Is Transferred.
Night Station Keeper Edward Hurlough has been transferred to the

Newark August 27, last year enroute to the coast. He claims to have made the trip in 66 days, beating Weston's record of 72 days. Kessler has but one leg and uses a crutch.

USE "Y" TANK IN PLAYGROUND CONTESTS

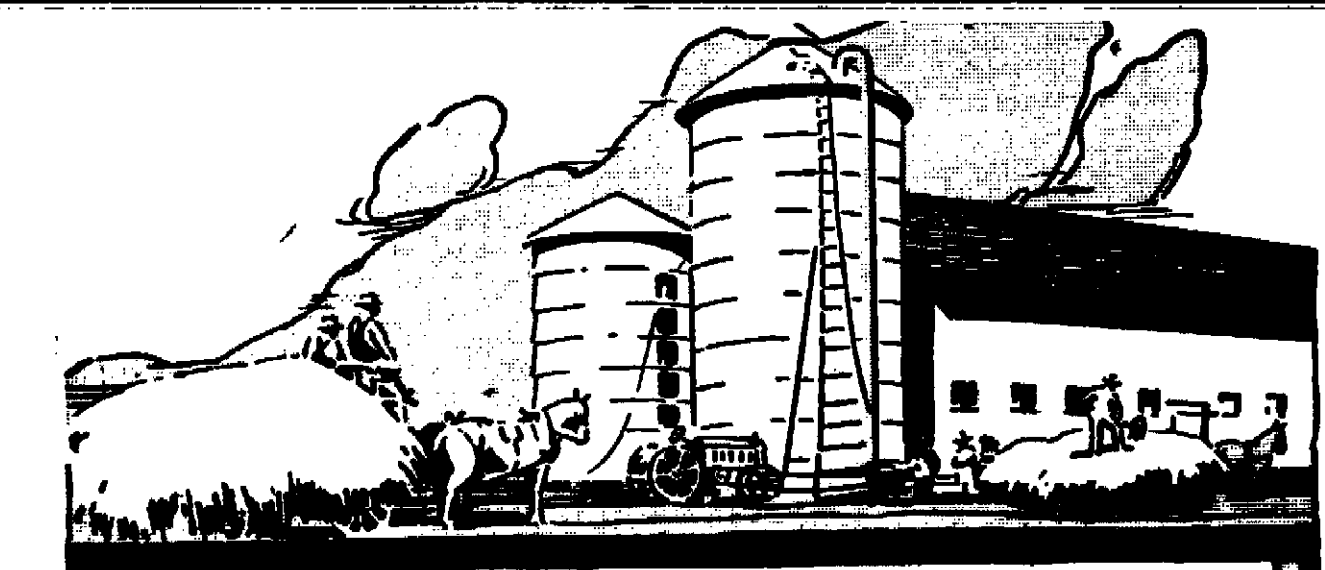

The closing of the public schools soon will usher in playground activities. The Y. M. C. A. will co-operate with the playgrounds to put on a program of events the first of which will be the inter-playground Y. M. C. A. swimming meets. Because of the fact that not all the playgrounds have swimming pools, the Y. M. C. A. tank will be the central scene of action. The plan is to invite the boys of each playground to the "Y" on one Wednesday morning and on the following Wednesday they will compete with the "Y" boys members in a series of events as follows: Plunge for distance, two length dash, 50 yard swim, and relay race. When each playground has had its turn in visiting and competing, all the playgrounds will meet at the "Y" for a Championship Swimming meet. No admission will be charged to any of these events.

Crucify Charge Held.
The case of Otto vs. Dale Gilmore, charged by Humber Officer Thomas Huey with crucifying to animals, was heard in D. M. Jones' court Wednesday afternoon at 1 o'clock.

Advocate want ads bring results.

AMBITION PILLS
FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out men, dependent people in a few days. Many instances. Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is not satisfied with the results. Thousands prove them for general debility, nervous prostration, mental depression, and prostrating nervousness caused by over-existence in alcohol, tobacco or overwork of any kind. For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed. Ask for hysteria, from bilious and nervous indigestion, from indigestion, from T. J. Evans' and dealers everywhere. Adv.

WEAR- SAVING OILS AND POWERFUL FUELS
The right oils and fuels make tractor operation both efficient and economical. Poor oils and inferior fuel mixtures are dear at any price.

SPECIAL TRACTOR OILS
Tractor Gas Engine Oil Standard Gas Engine Oil
successfully used for many years in tractor service. Maintains the piston-to-cylinder seal that assures ample power. Keeps engaging parts cushioned against wear. Stands high operating heats usual with tractor engines.

HIGH QUALITY TRACTOR FUELS
Red Crown Gasoline Rayolight Oil
gives the engine "punch." It's clean, carefully refined and uniformly powerful. Means quick starting and steady running. Costs no more per gallon than inferior mixtures.

feeds and burns with a dependable uniformity that makes it the ideal fuel for kerosene-burning tractors and stationary engines. Deposits a minimum of carbon.

For sale at garages, implement dealers, hardware stores or direct from our nearest station—wherever you see the Red Crown Sign.

THE STANDARD OIL COMPANY

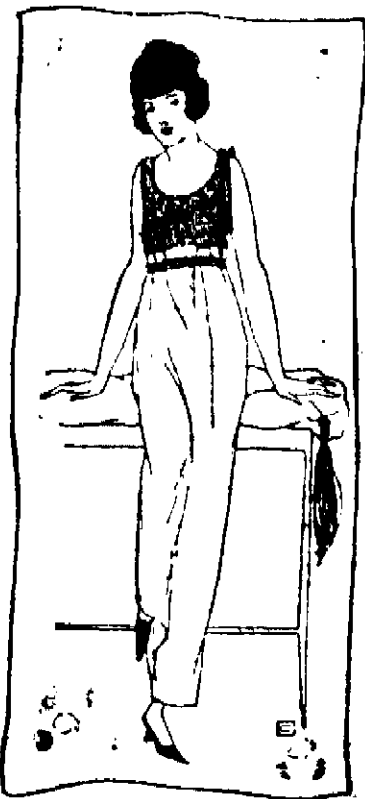

A Banker Bases Credit
on character and the character of a prospective borrower is always proven by past performances—never by promises. The thrifty who are saving a part of their earnings and depositing them regularly at interest never have difficulty in borrowing when money is needed temporarily.

Establish your credit here by opening an account with us—we shall gladly do our part.

THE PARK NATIONAL BANK
NEWARK, OHIO.

Under direct control and supervision of the United States Government.

JUNE THE MONTH OF GRADUATES AND BRIDES

finds us displaying a most beautiful assortment of fine undergarments, that should be of timely interest, not only to the girl graduate and June bride, but to every woman who takes pride in the possession of dainty undergarments.

To Begin With There Are Handsome Philippine Undergarments

The very sort of undergarments that fastidious women prefer. They combine the most beautiful of handwork with the sheers, daintiest materials of both envelope chemise and gowns, there is plentiful variety at very attractive prices. Both are beautifully embroidered in many attractive designs, neck and arms finished with neat hand-sewn edge. Then the seams are all put in by hand, so that there is not a stitch on these but that is hand-made.

THEN—BEAUTIFUL PIECES MADE OF CREPE DE CHINE AND WASH SATIN

will interest those who prefer garments of delicate pink. Among these will be found beautiful combinations in soft crepe de chine, trimmed with fine laces—wide bandings—fancy medallions—fine tucks and ribbons. CAMISOLETS—so attractive for wear with sheer blouses are here in most varied assortment in both wash satin and crepe de chine—lace bands, medallions—narrow laces and ribbon are designed in many dainty yoke effects.

Perhaps You Would Prefer Garments of Fine Batiste or Fancy Crepe

These are in a delicate shade of pink—in the crepe garments some are plain—others have fleur-de-lis embroidered in French blue. Both batiste and crepe are displayed in an assortment of pretty styles in Billy Burke and two-piece pajamas—combinations—gowns and bloomers.

W. H. Macey Company

FOREIGN RIDERS ASK RACE DATES

Four Big Events Are Book- ed For Half-Mile Track at Moundbuilders Park.

Foreign motorcyclists are writing to the promoters of the local race meet to be held next Sunday afternoon at Moundbuilders Park for all particulars, a number declaring their intention to enter the various events.

The country has been thoroughly lured and it is expected that a great crowd will be present to witness the thrillers as the machines dash around the eastern track. There will be a number of local riders and they are at the track each evening becoming accustomed to the turns at the track which might cause a spill. In case of accidents physicians and ambulances will be on the ground to render assistance.

Competent officials will be in charge and the sport will be fast and exciting. There will be a two, five, ten and twenty-five mile event and excellent purses have been offered, at least they are attracting the motorcyclists from this and several adjoining counties.

Moundbuilders Park is a cool and shady place and as the dust will be laid it will be a pleasant place to spend the afternoon and at the same time witness the thrillers which will take place. A nominal admission will be made at the gates.

MOUND SCHOOL TEAM LACKS TEAM-WORK

Grade School League Standing:

Team	Won	Lost	Per Cent
East Main	10	0	1.000
St. Francis de Sales	3	1	.750
Mound	2	1	.666
Woodside	1	2	.333
Central	1	3	.250
Hartzler	0	2	.000

In Monday's game, St. Francis de Sales sprang a surprise to most followers of the play for the Haynes Brothers trophy cup, for grade schools, by defeating Mound's team 7 to 6.

Play was close at all times and Mound's team lost through lack of team work and marred the game by wrangling among themselves, instead of playing ball. Dunwoody, Mound's shortstop made a novel catch of a fly, which was the feature play of the game. Tuesday's game, Central vs. Hartzler.

SUBWAY ENGINEER POSTPONES VISIT

After sending numerous telegrams relative to visiting Newark, R. N. Begien, federal manager of the western lines of the B. & O. with headquarters at Cincinnati, has postponed his trip here until a later date.

Mr. Begien was to come to Newark this afternoon to confer with the subway committee, but a press of business at Cincinnati, has caused him to postpone his visit until later.

Many a man is so proud of his lineage that he would rather have ancestors than make a name for himself.

NEW YORK SENSATIONAL WALTZ SONG HIT

That everybody is waltzing to. This music has been heard in every body keeps ringing in your ears and this enchanting tune once heard you can not forget. The following are a few lines of the verse.

DEAR HEART

Chorus.

Dear heart, are you true to me, My heart yearns for you, My soul knows you, My heart knows you, My soul knows you, My heart knows you, My soul knows you.

Although this song is written without a high note, an effect is obtained by the simplicity of the arrangement. Various orchestras are using the melody as a waltz. This can be had for Talking machines or Player Pianos.

ERTLE FAILS TO STOP HEISEY MEN

Glass Workers Overwhelm Hess Auto Team In Game At White Field.

Ertle, who lead the Hess Auto team to victory December 1913, was hit hard in the second inning of last night's game with the Heisey Glass company nine. Nutter occupied the mound for the Hess men, and with air tight fielding held the auto men scoreless, allowing but four scattered hits. Naylor figured in on two double plays during the game, and got two two-baggers in three times at bat. Gephart, the new receiver for the Heisey team, by his batting last night automatically joined the D. S. O. That does not stand for Distinguished Service Order. It represents "distinctly struck out." Gephart did the trick four times in his many time at bat. Some one in the crowd suggested that Montgomery be given a certain article from a jeweler's store because "Ben" was the victim of the hidden ball trick. Score by innings:

Heisey.....0 0 3 1 2 x—11 9 2
A. P. Hess.....0 0 0 0 0 0 0 0 6
Batteries: Nutter, Gephart; Ertle, Daisch. Struck out: Heisey 8, Hess 2. Left on bases: Heisey 4, Hess 5. Umpire: Murray. Time 1:30. Attendance 300.

Wednesday's game 6 o'clock central time: Buckeye vs. Midland.
